THE NEXT SENATE.

Republicans Seem To Be in a Fair Way to Secure a Majority.
NEW YORK, Nov. 4.—Along with the presidency and a large majority in the house of representatives the Republicans seem to be in a fair way to secure a majority of the senate in the Fifty-fifth congress. Certainly, there will be a majority for "sound money," and incidentally a majority in favor of a revenue measure intended to enable the government to make its expenditures. The 39 hold over senators are classified as follows: Republicans on the St. Louis platform 25; Silver Republicans 5; "sound money" Democrats 7; Silver Democrats 6; Populists 2; unclassified Democrats 2.

"Successors to retiring senators are already elected in five states. Four of these—Allison of Iowa, Morrill of Vermont, Foraker of Ohio and Wellington of Maryland—are "sound money" Republicans. The others, McKinley of Louisiana was elected as a free silver Democrat, and the others, McKinley of Louisiana was elected as a free silver Democrat.

"The Arkansas legislature will return Senator Jones, a free silver Democrat. The legislature in Florida will probably send a "sound money" successor to Senator Call.

"The Oregon legislature is in the hands of the Bryanites and Senator Mitchell believes he will be returned. He is now on the Chicago platform.

"The Kentucky legislature at its session last week elected a free silver successor to Senator Blackburn. It is understood to be the intention of the governor to call an extra session of the legislature when the Republicans will elect a man.

"According to dispatches to the United Associated Press, the following states will elect Republican senators: Connecticut, Indiana, Illinois, New Hampshire, New York, North Dakota, Wisconsin, and Wyoming.

"The following will choose free silver Republican senators: Colorado, Idaho, Nevada and Utah. South Carolina will choose a free silver Democrat.

"The following states are in doubt at this hour, but the general trend of the returns makes the probabilities favor Republicans: California, Kansas, Missouri, North Carolina and Washington.

"Delaware, which is now represented by a but one senator, will probably elect a Republican. Upon the basis of these changes assuming that the results are resolved in favor of the Republicans in the states named, the next senate will stand as follows: Republicans on the St. Louis platform, 45; Silver Republicans, 3; "sound money" Democrats, 3; Silver Democrats, 2; Democrats, 2; Populists, 2; and the Bryanites could lose two of the states and still have a majority of the senate."

The Next House.
NEW YORK, Nov. 4.—Up to 6 o'clock this morning, dispatches by the United Associated Presses indicate that the house of representatives in the Fifty-fifth congress would comprise 270 Republicans, 100 Democrats, 100 Silver Republicans and 100 Populists, divided among the several states as follows:

Alabama—"Sound money" Democrats, 2; Democrats, 5; Silver Republicans and Populists, 2.
Arkansas—Democrats, 6; Democrats, 1.

Truth: Mr. Baden—I admit that I did all the yelling when the picnic party was coming home.

Miss Gooden—Did you have any milk?
Mr. Baden—Oh, yes. I had a little flask in my pocket.

UTAH IS TRUE TO BRYAN

A Majority of Forty Thousand Is Assured for Silver's Champion.

STRONG DEMOCRATIC GAINS

King Leads Holbrook by Twenty Thousand.

The Next Legislature Democratic by a Good Working Majority—Returns Are Slow in Getting In, But the Result Can Now Be Correctly Predicted—Utah, Salt Lake and Weber Counties Lead in the Legislative Battle—R. C. Chambers Has Badly Defeated Abram Hatch in Wasatch and Summit Counties.

Utah yesterday experienced a complete change of heart, politically, the silver tide carrying the state into the Democratic column with a grand rush. Returns have been coming in very slowly. The Australian ballot has made the count tedious and it will be some hours before the exact figures even in Salt Lake county are known.

From the returns at hand it is evident that Bryan carried the state by 40,000 or more and that King's majority will approximate 20,000.

At this writing several counties have not been heard from at all, and in no case has the full vote of a county been reported. Cache county, for instance, has reported only one precinct, but the county is claimed by the Democrats by 1,000 majority. The Democrats also claim Weber and Utah by large majorities, and the precinct returns received bear out the claims.

The accompanying table gives the partial returns that have been received in The Herald office:

Utah's Next Legislature Will Be Almost Unanimously Democratic.

Of Utah's 27 counties it is possible at this hour (8 a. m.) that only one county in the state, Kane county, will return a Republican legislative majority. By the silver landslide the heretofore Republican counties of Sevier, Sanpete, Beaver, Weber, Utah and Salt Lake have been carried into the Democratic column.

A summary of the senatorial situation shows that W. G. Nebeker has been elected senator in the First district; Joseph McKinnley in the Second district; Aquilla Nebeker in the Third district; L. W. Shurtliff and Daniel Hamer in the Fourth district; R. C. Chambers in the Fifth district; B. A. Harbour, Martha H. Cannon, D. O. Ridenour, George A. Whitaker and John T. Cairns in the Sixth district; A. O. Smoot and A. J. Evans in the Seventh district; James E. Allred in the Ninth district; and E. H. Snow in the Eleventh district.

The returns of the Tenth district, comprising Sevier, Wayne, Plute and Garfield counties, are so meager that the election of Isaac K. Wright (Dem.) is problematical, with every indication, however, that Iron, Plute and Garfield will add to the majority of 194 which the returns from Sevier up to this time give Wright over Boltho.

The result in the Twelfth district, comprising Emery, Carbon, Uintah, Grand and San Juan counties, and in which M. E. Johnson is the Democratic candidate and H. I. Collett the Republican candidate, can only, in the absence of returns, be conjectured, but it is safe to presume that the district has also joined the procession of triumphant Democracy.

The returns from the representative districts are more meager than those from the senatorial districts, but indications are that W. L. H. Doison of Beaver, Joseph Kimball, L. C. Thorne of Joseph, McKinnley in the Second district; Aquilla Nebeker in the Third district; L. W. Shurtliff and Daniel Hamer in the Fourth district; R. C. Chambers in the Fifth district; B. A. Harbour, Martha H. Cannon, D. O. Ridenour, George A. Whitaker and John T. Cairns in the Sixth district; A. O. Smoot and A. J. Evans in the Seventh district; James E.
